AtlantiCare presents John Saia, DO with Physician Recognition Award for outstanding service

AtlantiCare recently presented John Saia, DO, of Mays Landing with its Physician Recognition Award for the first quarter of 2009 for outstanding service to patients, families, visitors and colleagues.

Saia, a cardiologist at the Heart Institute at AtlantiCare Regional Medical Center (ARMC) Mainland Campus in Pomona, New Jersey, associate director of ARMC's Division of Cardiology and chair of the hospital's Medical Executive Committee, is president of ARMC's Medical Staff. He is also on the hospital's Board of Trustees. ARMC staff nominated him for contributions as chair of ARMC's Physicians' Role in Patient Safety Committee. They noted Saia's commitment to educating hospital staff in providing quality care, enhancing patient safety and delivering excellent customer service.

Saia is board-certified in internal medicine and cardiology. He achieved his Doctor of Osteopathic Medicine degree at Philadelphia College of Osteopathic Medicine, Philadelphia, Pennsylvania. Saia did a fellowship in cardiovascular medicine at Thomas Jefferson University Hospital, Philadelphia, Pennsylvania. He joined ARMC's Medical Staff in 1982. Saia served as a member of the New Jersey Department of Health Task Force on Hypertension. Saia is a partner at Associated Cardiovascular Consultants, PA, which has locations in Egg Harbor Township, Hammonton, Cherry Hill, Medford and Woodbury, New Jersey.
